**TO WHOM IT MAY CONCERN**

Dear Sir or Madam

**Re: London Thamesport Change of Executive Information**

As you may be aware change of UVI or Port of destination relating to export or transshipment containers (including late transfer) results in additional park moves which to date we have absorbed. Previously due to technical problems we have been unable to capture the necessary information for charging.

Notwithstanding the above we will shortly be in a position to capture this information and interface for charging. Therefore, effective from Tuesday 1<sup>st</sup> March 2011 a charge of £25.00 will be invoiced to the responsible Shipping Line for change of executive information as outlined above.

The above charge is already listed in our published tariff under Section 5.2.1 (c) but this will be updated to clarify the actual parameters that will be used, as such this is issued as an addendum to our published tariff.

Thank you for your continued support and trust you will understand the reasons for introducing this charge.

Yours sincerely

John Moore  
HBUK Commercial Manager – Landside Operations.
